**GUIDELINES FOR SUBMISSION TO THE VIETNAM JOURNAL OF
GASTROENTEROLOGY SCIENCE**
(PLEASE READ CAREFULLY BEFORE SUBMITTING YOUR MANUSCRIPT)

The Vietnam Journal of Gastroenterology Science accepts submissions including:

- Valuable scientific research projects, either newly completed or updated from previous works, with rich and relevant content.
- Thematic review articles, literature highlights, new perspectives, and topics addressing modern medical knowledge that meet the practical needs of physicians.
- Case reports with discussion based on histopathology and advanced laboratory findings.
- Postgraduate lectures and practical techniques in gastroenterology that are up to date in terms of diagnosis and treatment.

Submission Guidelines - Please strictly follow the regulations below:

1 - All manuscript types must be formatted using **Unicode Times New Roman font (no other fonts accepted)** and sent via email to: **vnage2009@gmail.com**.

2 - **Scientific research articles:** Submit in Word format only (PDF files are not accepted), and include both an English abstract and a Vietnamese summary.

Required structure:

a) Title of the article

b) Full names of authors and co-authors, along with affiliations. *The corresponding author must clearly provide: mailing address, email, phone number, and fax (for editorial communication).*

c) English **abstract** must not exceed 400 words, and must include the following sections: Background, Objectives, Subjects and Methods, Results, Conclusions. Also include a Vietnamese summary. Articles not adhering to this format will not be accepted.

d) **The full-text article must include six sections:** *Introduction, Subjects and Methods, Results, Discussion, Conclusions*

References (maximum of 15 references)

3 - Review and monographic articles: Maximum length of 10 pages, and must include both English and Vietnamese summaries.

4 - The corresponding author must confirm that the article has not been submitted to or published in any other journal. If resubmitting a revised article, please highlight the revisions in blue in the file sent to the editorial office.

5 - Each submitted article will be peer-reviewed by a specialized professor before the Editorial Board makes the final publication decision. Articles not accepted for publication will not be returned to the author.
